# Concerning Ourselves

## Come and See Us

You are always welcome and we will be pleased to show you through our nursery, comprising about 400 acres, which we are planting entirely in nursery stock. We will transplant to the fields about one-quarter million plants this Spring.

---

## Location

Seven miles from Washington, D. C., on Masonville Road, south of Falls Church in Fairfax County. Leaving Washington via the new Key Bridge at 35th and M Sts., N. W., turn to right on south end of bridge and follow the concrete and macadam road to Falls Church which is the Lee Highway out of Washington. After passing through the center of Falls Church you come to the old historic Episcopal Church. Seventy-five yards past the church turn left on a new macadam road which goes around our nurseries.

---

## Shipping and Delivery

Shipments are made from Falls Church, Va., over the Washington and Old Dominion Railroad, which was a former spur of the Southern Railroad, and goods go out the day of delivery to station.

Washington and suburbs, or a reasonable distance from our nurseries or Washington, delivery by truck is free. For longer hauls it is necessary to charge for delivery.

---

## Special Services

**Landscape Planting**—landscape planting and contracting. Estimates cheerfully given. Where plans are requested they will be charged for and credited to merchandise if we do the planting and furnish the stock. Our prices are for goods f. o. b. Falls Church or job. Planting is charged for by the hour or day. Estimates are given for complete job where requested.

**Moving Large Trees**—We have a crew of experienced men and we are equipped to move large trees. Our crew has moved some of the largest in this section. If you have a tree, bush or any large plant you want moved and yet be sure to live, we can do it. This is a separate service from our landscape department or nursery.

Spraying and pruning done by experienced men that know.

We also furnish soil, leaf mold, manures, bonemeal, other fertilizers, lime and grass seed.

# Terms and Conditions of Sale

## Shipping Instructions

**ORDERS.** All orders are accepted subject to the following terms and conditions. Write plainly and give explicit directions as to address and mode of shipment.

**FORWARDING.** Shipments will be forwarded exactly as directed; but without instructions, we will use our best judgment and forward by shortest and safest route. We recommend that all herbaceous and strawberry plants be shipped by express.

**CLAIMS** for damages while in transit or otherwise must be made within five days after the arrival of the consignment.

**SHIPPING SEASON.** Opens about March 1st in the Spring and September 15th in the Fall.

**INSPECTION AND FUMIGATION.** Our stock is regularly inspected and certificate will be sent with each shipment. Stock will be fumigated when requested or when the state laws require it.

**PACKING.** All goods are carefully packed, thus avoiding risk, if delayed in transit. We do not charge for packing.

---

## Terms

**CASH WITH ORDER.** Except to persons who satisfy us as to their financial responsibility, accounts are due when bills are rendered, and prompt payments are expected.

**PRICES** given in this catalog are for the goods f. o. b. Falls Church, Virginia. No charge for packing.

**STOCK SELECTED** by customers at the nurseries will be charged for according to the value of the trees or plants chosen.

**QUANTITY.** Lots of 5, 50, and 500 trees or plants of the same grade and variety will be furnished at the 10, 100 and 1000 rates respectively.

---

## Guarantees

In growing and furnishing all nursery stock, we use the greatest care to have it true to name, and will replace any that may prove untrue, free of charge, or refund purchase price. We shall not be liable for more than the purchase price. Every purchase from us is made on these terms.

**GUARANTEE AND CLAIMS.** All goods are guaranteed true to name, up to grade, full count, and in good condition when delivered. Claims must be made within five days after delivery to customer's delivery point to receive consideration.

We do not guarantee stock to grow, or results in any way unless given with estimate by one of our employees, by letter or on invoice; then only six months from date of delivery. And in no case do we hold ourselves responsible for stock killed or injured by dogs or animals, humans or damage by fire, heat or snow, or conditions beyond our control.

This guarantee is void if accounts are not settled within thirty days from date of invoice.

There are so many causes for failure over which we have no control that we can assume no responsibility after stock is delivered in good order. Poor soil, unfavorable weather, ignorant or careless culture—all contribute to failure and all are beyond our control.

A catalog as extensive as this, must of necessity offer some plants of difficult culture, and, when these are ordered, we presume the people ordering them have the knowledge needed for their culture. Successful results require knowledge, enthusiasm and perseverance, and these we can not supply, but we shall be glad to make selections from the hardier class of plants for the people who wish them.
